BUREAU OF WATER PROTECTION  
OFFICE OF THE COMMISSIONER

FEB 04 2010

February 1, 2010

Paul Stacey  
Bureau of Water Protection, DEP  
79 Elm Street  
Hartford, CT 06106

Dear Mr. Stacey;

It has come to my attention that the State of Connecticut is working on adopting Streamflow Regulations for the first time. This is wonderful!

I support the Streamflow Regulations and want them completed without being weakened. Additionally, please be sure to eliminate Class 4, or change Class 4 so that every stream in the state is protected.

It is so wonderful to hear that the needs of the stream are also going to be considered when water resources are allocated.

Thank you very much,

Karen A. Schnitzer  
484 First Avenue, #7  
West Haven, CT 06516
